The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

SOUTHERN CUTS DIVIDEND.

The directors of the Southern Railway Company in New York yesterday cut the semiannual dividend on the preferred stock of the company from 2½ to 1½ per cent.

President Finley made the following announcement:

"At a meeting of the board of directors of the Southern Railway Company the income account and results of operations for the fiscal year ended June 30, last, were considered. A dividend of 1½ per cent, was declared on the preferred stock out of accumulated surplus, making a total dividend distribution of 4 per cent, for the year. For this purpose there was appropriated a portion of the surplus income carried forward from the year ended June 30, 1906, after payment of dividends for that year. In taking this action the directors were influenced by the consideration that the income account for the year reflects such abnormal and extraordinary conditions as may not reasonably be expected to recur. At the same time the directors considered that under existing conditions of high prices of supplies, material and labor, of increasing taxes and legislative reduction of revenues, it was the part of conservative prudence to limit the distribution of the profits of the company, at least until the permanent effects of such conditions can be fairly measured."

As a result of the announcement Southern preferred sold off from 58 to 53, where it closed on sales of 1,600 shares. The common stock held fairly strong, declining three-quarters of a point, to 15⅝.

The reduction of the dividend to this basis is assumed to have been made on the advice of J. P. Morgan, who got back from Europe on Wednesday.

The income amount for the year ended June 30, 1907, gives the following figures: Gross earnings, $50,657,994, an increase over last year of $3,016,555; operating expenses, $44,699,282, an increase of $4,926,143; net earnings, $11,958,712, a decrease of $1,909,587; total income, $13,787,993, a decrease of $1,669,438; balance applicable for dividends after payment of fixed charges, $2,290,321, a decrease of $2,938,744.

Eczema.

THE TELEGRAPHERS' STRIKE.

Plans for a long struggle were carried forward by the striking telegraphers in New York yesterday, while from the offices of both companies came the usual report that their business was running smoothly and that normal conditions had nearly been reached.

It was officially announced that S. J. Small, national president, would arrive Sunday, and that, following his arrival, steps would be taken toward arbitration with the companies. If the companies still refuse to arbitrate, it was stated that an effort would be made to invoke the aid or intercession of President Roosevelt.

Belvidere Brooks, superintendent of the Eastern division of the Western Union, said again that his company would not consider any overture, and he announced frankly that the company did not desire union men in its service. He said: "It would be foolish to say that we had not been for months anticipating the strike. We had kept close track of union organization among our employes, because I will admit frankly that we have not encouraged it. Ours is entirely a confidential business, the details of which must be as closely guarded as the business of the United States mail. It is useless to believe that a union man will not be more devoted to his union than to his employers. It is necessary to tell anyone that in a large number of trades labor organizations exist, and these organizations are using the telegraph in all their business. An operator devoted to his union is not going to give to his employer the same consideration as to the secrecy of the business that would be given by a man not identified with a union. Therefore our business is not safeguarded as it ought to be if our men are identified with an organization that must be in sympathy with another organization of the same character.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

RELIEF TO THE MONEY MARKET

Secretary of the Treasury Cortelyou announced yesterday a new plan of depositing government funds in New York, Boston and other cities to afford relief to the money market in the approaching crop-moving period. Secretary Cortelyou will, commencing next week, place each week, at such points in the country as he shall designate, government funds to such an amount as he deems sufficient to prevent an acute monetary stringency and possible panic when the demand for money is greatest at the height of the crop-moving period.

The plan of the secretary for monetary relief is new to the financial world, and one which he believes will prove more efficacious than the old method of the Treasury Department in waiting until the country was severely shaken financially and then coming to the relief at the last moment by placing a large deposit of government funds in New York banks. Secretary Cortelyou did not state how much money he would deposit each week, though he indicated that the amount would equal the situation.

Neighbors Got Fooled.

"I was literally coughing myself to death, and had become too weak to leave my bed; and neighbors predicted that I would never leave it alive; but they got fooled, for thanks be to God, I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncapher, of Grovertown, Stark Co., Ind. This King of cough and cold cures, and healer of throat and lungs, is guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

SATURDAY EVENING, AUG. 24, 1907.

MRS. FANNIE E. MARTIN, daughter of a wealthy southern planter and slave-owner, died in the Philadelphia Hospital yesterday practically penniless. Mrs. Martin consecrated her life to the uplifting of the colored race, and in this work a fortune of $300,000, which had been left to her, vanished. The deceased was descended from an old southern family, which for years had a large estate at Middletown, Md., and many slaves. At the death of her father Mrs. Martin received $100,000 and she immediately gave this money to aid schools for the education of the colored race. This fortune soon disappeared. A few years later she inherited $200,000 from another relative. This money was spent in the same way as the first inheritance. When her money was nearly all gone Mrs. Martin went to Philadelphia and worried over her poverty until she became addicted to the morphine habit. Instead of improving the colored race, there is every reason to believe that this woman, animated doubtless by good motives, rather aided in making most of her beneficiaries more trifling than they were before. The theory that the colored race can be "uplifted by education" has long since been exploded. There is but one practical way to accelerate the majority of such in the proper paths of life, and that is to furnish them with employment so that they can realize the value of a dollar. It is suggested that many of daring projects will be regarded as wood, hay and stubble in the great day of account, and there is every reason to suppose that misguided philanthropists who have devoted money and time toward keeping shiftless negroes and whites in idleness will add considerably to the pyramids which are destined to feed the flames on that day of all days.

THE chronic tease occasionally brings thorns to his pillow by incessant persecutions, familiarities and cruelties toward unresentful and long-suffering people. Fred Weber, an aged German, whose home is in McKeesport, Pa., was driven to suicide yesterday afternoon by the taunts of young men at his boarding house. They selected him for a target soon after his arrival in their midst. They accused him of various ridiculous acts, and his vigorous denials only inceased to activity the jokers, and yesterday Webber said he could stand it no longer. He went to the home of Mrs. Herman Schultz and appeared to be very despondent. He was assigned to a room and was left there. A few hours later Mrs. Schultz found him dead, hanging to the end of a rope used as a swing for the children.

IT COST the United States government $2,554,970, in addition to the regular ordinary expense, to keep the American army of Cuban pacification in that island during the fiscal year of 1907. This fact is shown in the annual report of General Aleshire, quartermaster general of the army. Of the amount stated $1,915, 383 was spent for transportation. The possessions of the United States are costly. The expense already incurred in the occupation of the Phillippines has been enormous and is growing daily, and millions are now to be expended at short intervals in preserving the peace in Cuba.

ANOTHER sad outcome of the commingling of January and May is reported. Frederick Dettmering, an aged German, resident of Greensboro, N. C., attempted to commit suicide by hanging himself yesterday morning. He was found hanging to a tree in a grave yard, and being unable to strangle himself, he was slashing the right side of his neck with a pocketknife. Dettmering recently married a young and comely woman against the wishes of his family and the domestic troubles have been coming thick and fast ever since.

IN THE newspaper reports of the recent defalcation and flight from Washington of a trusted bank clerk it is stated that he was a liberal spender and always insisted upon his friends enjoying themselves at his expense. Of course; but he was spending other people's money. In most cities the income of a man is approximately known to his associates and it is not difficult to tell when he is living beyond his means. But many people now when they accept another's hospitality care little where the money comes from if they are the beneficiaries.

MR. PAYNE, of New York, chairman of the House ways and means committee, says there will be no revision of the tariff in the next Congress. Another case of manana!

Mr. William Ross Howard, aged 70 years, died at his home in Baltimore Wednesday night. He was a grandson of Gen. John Eager Howard, who was made famous in the Revolutionary War, and a son of the late James and Katharine Mary Ross Howard. He was born in Baltimore and was educated at St. James' School at Hagerstown, and the Episcopal High School, Alexandria.

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, Aug. 24.

Attorney Justice for the State of North Carolina tried all the forenoon to get H. B. Spencer, vice-president of the Southern Railway, to state to Judge Montgomery, sitting as a master in the railway rate case to determine the confiscatory nature of the two and one-fourth cent rate law of that State, the earning capacity of railway passenger cars. He was endeavoring to show that the earning capacity was 200 per cent. Spencer said that he was not prepared to give the figures desired, but told of whom they might be obtained. A large number of questions Justice asked were ruled out.

Reports come from the Philippines that Col. Ernest A. Garlington. U. S. A., whom Secretary Taft sent out to probe the scandals in the quartermaster's office, has struck pay dirt. As soon as he landed, he selected a board to assist him in looking into the furniture scandal. Books of the cabinet making and carpenter shops are being gone over. It is reported that besides medicine chests presented to senators and others, one was made for the President that cost $153. One quartermaster captain had a handsomely carved lid, bearing the insignia of the department and his name and title, made for a medicine chest, also a plain top that fit it. When the board met to assess the officers for the furniture the captain switched the lids and obtained a comparatively low valuation. After the board left he replaced the carved lid.

Brig. Gen. A. L. Mills, in charge of the Department of Iloilo, in the Philippines, in his annual report to the War Department recommends that the Philippine constabulary be increased and be given a regimental organization. This is supposed to be the foundation for the report which comes from Japan to the effect that it is intended to organize a native Philippine army of thirteen battalions, under command of regular army officers.

Treasury officials, with Secretary Cortelyou as head observer, will watch with unusual interest the financial symptoms of the country this fall as it enters the period of "crop colic," hoping that the Secretary's new scheme of advance deposit of government funds in national banks on the weekly installment plan will prove a perfect preventative of panicky conditions.

Throwing aside all concealment and subterfuge, Secretary of the President Loeb has at last made definite announcement that the Atlantic fleet of sixteen battleships is going to the Pacific Ocean. Added to this, which has been public information for several months, it is also disclosed that the fleet will go by the way of the Straits of Magellan instead of by the Suez canal and that they will start some time in December. The sixteen battle ships will go in divisions of four ships each. It is probable that there will be an interval of a day or two between the departure of the several divisions so as to facilitate coaling at the various ports on the long journey. Their first stop will be at Guantanamo.

The announcement from Yokohama that Japan is organizing a Hong Kong squadron in addition to her present South China squadron which is stationed at Shanghai, is believed here to be that country's answer to the move of the United States in sending the battleships to the Pacific. Hong Kong is the nearest Chinese port to the Philippines. While it is officially declared that Japanese trade is increasing so largely in that direction as to require more close attention, it is believed to be significent that this fact has just been discovered. The new squadron will, however, not be formed for over a year.

Secretary Cortelyou's Plan.

New York, Aug. 24.—Wall street interests today generally approve of the plan announced by Secretary Cortelyou of making weekly deposits from the Treasury in the national banks of New York, Boston, and other large cities, to meet the requirements for crop moving expenses. While his plan is new, the usual custom having been to deposit a lump sum in such money crises on the New York banks, conservative financial interests regard it as an improvement on the old method.

Beginning his deposits next week, money will be supplied before the demand for it becomes acute. As the secretary has promised to supply funds sufficent to meet the weekly demands, financial experts look to see the crop moving accomplished this year with greater dispatch and convenience than has been the case in many cases. In anticipating distress it is believed the scheme will prevent money stringency.

Inasmuch as the deposits will not be announced in advance it is believed this will prevent speculators from taking advantage of the situation, and obtaining money which should go into other channels.

BUCKETSHOPS RAIDED.

As stated in the Gazette of that day a raid was made shortly afternoon yesterday by the police on the offices of five alleged "bucket shops," in Washington.

The managers were arrested and the names of the patrons secured, as well as those of the telegraph operators. Other raids, it is said, are to follow, as the authorities are determined to wipe out bucket shops.

There are nearly 20 offices of this kind in Washington, and they are said to be very liberally patronized by the clerks in the departments.

The descent on the bucket shops yesterday is one feature of the wave of moral reform which has swept over the Washington authoritics. There is also a great activity of the police in raiding poker games. Mr. Baker, the district attorney, has announced his purpose that before the Congress meets next December Washington shall be wholly pure and free from sin.

SHOT BY BLACK HAND.

The Black Hand ran amuck in Sharon, Pa., yesterday morning. One woman is dying and her husband is seriously wounded, while one of the attacking Black Hand party is in jail under heavy guard.

Mrs. Anna Rotunna, wife of Sylvester Rotunna, the wealthy Italian leader of Sharon, is the injured woman. Her husband made a valiant fight for her with a hatchet, but could not withstand the bullets of the alleged Black Hand gang which came to commit murder.

It is said that Rotunna and his wife had refused to contribute to the Black Hand.

New York Stock Market.

New York, August 24.—The street was taken by surprise at Secretary Cortelyou's announcement of the measure of relief to the money situation, and there was hurried giving of orders to buy at the market for long account causing a sudden demonstration of strength in the first few minutes and forcing prices then to levels much above yesterday's closing. The trading element lost no time in switching from the bull to the bear side soon as it became evident that long stock was supplied and helped along a reaction in the market leaders, and hammered stocks wherever weak spots were found.

News of the Day.

A ship loaded with 40,000 crates of onions arrived at New York yesterday from Spain.

Rather than be confined a fourth time in an asylum for the insane, Dewitt C. Holland, 70 years old, and a man of wealth, threw himself in front of a train at Glenn Falls, N. Y., yesterday, and was instantly killed.

Two separate parties of United States revenue officers met about 3 o'clock yesterday morning in a still near Chapel Hill, N. C., and mistaking each other for moonshiners, engaged in a pitched battle. Four were shot, one of whom will die. There were three men in each posse.

A five-foot blacksnake, that escaped from a box in which it was being conveyed to Philadelphia, wriggled from an Adams express car in the local passenger station at Altoona, Pa., last night, and in less time than it takes to tell it, his snakeship was the only living thing in the station shed.

George Schaeffer, a saloonkeeper of Philadelphia, yesterday shot and fatally wounded his wife, Rose, aged 33 years, and then killed himself in their little cottage, at Somers Point, near Atlantic City. Mrs. Schaeffer had gone to answer a telephone call. Her husband forbade her, but she went, angering Schaeffer. He shot her twice in her head. Schaeffer then sent a bullet into his own head, dying almost instantly. Schaeffer was aged 50 years.

A $12,000 chime of bells, presented by H. C. Frick to the Calvary Protestant Episcopal Church, of Pittsburg, Pa., has just been installed. There was an open air concert Thursday night when the following tunes were played from the church tower: "My Country, 'Tis of Thee," "Come, All Ye Faithful," "Home, Sweet Home," "Holy, Holy, Holy," Bonnie Prince Charley," "My Old Kentucky Home" and last, but not least, the most strange of church concerts closed with a burst of "Old Black Joe."

VICE PRESIDENT OF SOUTHERN ON THE STAND.

The North Carolina rate case hearing, transferred from New York, was resumed in Washington yesterday before Walter A. Montomery, appointed by United States Circuit Judge J. C. Pritchard to take evidence. H. B. Spencer, vice president of the Southern Railway, testified concerning the cost of operating trains in North Carolina and the gross earnings on state business, but the great proportion of questions concerned details of making shipments, industrial conditions at all of the important points in the state, taxes paid by the Southern, assessed valuation of property, names and mileage of the various corporations making up the Southern system. Mr. Spencer was required to make notations with a view to filing replies.

Ex-Governor Aycock, Speaker Justice, of the North Carolina legislature, and F. A. Woodward, special counsel, conducted the examination for the state.

On cross-examination, Mr. Woodward asked the witness to give the gross earnings of the Southern system in North Carolina for the ficals year ended July 30, 1906. Mr. Thom protested, saying that for information of that character a traffic man should be put on the stand, but the witness finally was premitted to consult a statement handed him by the comptroller of the system. He gave the gross earnings on North Carolina business from this statement as $12,043,727; the gross operating expenses for the same period as $7,778,193, but could not give the amount of taxes paid during the period, nor the assessed valuation of the property.

Mr. Spencer admitted that there is a considerable volume of interstate business handled on North Carolina local trains and, in fact, practically all of such interstate freight except that originating at division points or destined for such points. It was conceded that this, to some extent, tended to increase the cost of carring local freight. The reason given by Mr. Spencer for the high cost of handling local freight was that there is less tonnage on local trains, more wear on the equipment and more labor required in the handling.

Asked concerning the relative cost of equipment, Mr. Spencer said that between 1898 and 1905 the increase had been 40.12 per cent. on locomotives; 57.37 per cent. on boxcars; 158.88 on flat cars, and 142.66 on coal cars. The great increase on flat and coal cars, he said, was due to the substitution of steel for wood in the construction. Mr. Spencer said that the cost of running a passenger train in North Carolina is from 98 cents to $1.14 a mile, and that the average earnings per mile on local passenger trains in the State were from 70 cents to 75 cents per mile. Most of the intrastate travel, he said, is on local trains. Mr. Spencer said that it cost from 3 to 3½ times as much per ton to handle intrastate freight in North Carolina than the average for the entire system.

DISORDER IN THE RANKS.

The strike of the union men in the building trades in Washington continues, both sides claiming to be confident of ultimate victory. A number of additional buildings were placed under the ban yesterday, the bricklayers and carpenters being called out. In each case the builder applied to the Employers' Association for nonunion men, and was assured that they would be supplied before Monday.

A builder yesterday made the charge that the leaders of the strike were favoring the bricklayars at the expense of the carpenters. Instead of issuing a general strike order a week ago, when the leaders of the strike knew perfectly well that the builders would not yield, it is charged by this builder that the leaders are calling out the men very gradually, so that the bricklayers may remain at work as long as possible. The builder cited two cases where the men were allowed to work with nonunion men until the brick work was almost completed. In one case only 40 bricks remained to be laided when the men were called out, but the carpentering work was just begun, so that the bricklayers lost practically only an hour's work, whilst the carpenters lost work that would have easily lasted several weeks. This charge has been made openly, and the Employers' Association believes that the carpenters will, ere long, resent the discrimination, and that in this way discord will be sown in the now serried ranks of organized labor.

The Market.

Georgetown, Aug. 24.—Wheat 73a78.

Virginia News.

Prof. D. W. Read, of North Carolina has been elected principal of the Leesburg High School.

The government is to establish at Fort Monroe a large coast artillery school to train both officers and men.

Mr. James C. Roy, a well-known druggist of Richmond, died very suddenly last night at his residence in that city.

Rev. G. McLaren Brydon, formerly rector of St. Paul's Episcopal Church, Hamilton, has accepted a call to the rectorship of the Episcopal church at Morgantown, W. Va.

The annual reunion and banquet of the Joe Kendall Camp, C. V., will be held at Bethel, Fauquier county, Saturday, August 31st. Mr. R. Lindsay Gordon, of Louisa, will be among the speakers.

At a meeting of the State Board of Education, held in Richmond Thursday night, State School Examiners C. G. Maphis, of Charlottesville, and Willis A. Jenkins, of Newport News, whose terms expire on September 1st, were re-elected by the board.

The following druggists have been appointed by Governor Swanson as the Virginia board of pharmacy: Dr. J. L. Avis, of Harrisonburg; Dr. Carrington, of Norfolk; Dr. C. P. Kearfoot, of Martinsville; Dr. George T. Mankin, of Falls Church, and Dr. T. A. Miller, of Richmond.

William Patrick Leach, a machinist in the employ of the Richmond Locomotive Works, committed suicide Thursday night by turning on the gas in a bathroom in his home. No reason has been assigned for the suicide. Leach went to Richmond from North Carolina five years ago.

Capt. Alexander C. H. Darne died at the home of his daughter, Mrs. F. W. Bohrer, near Willard, Fairfax county, a few days ago. He was 88 years old. Captain Darne was graduated from the United States Military Academy in 1841 and served in the regular army in the Seminole war in Florida.

An interesting announcement in Norfolk is to the effect that Mrs. George Fitzalan Bronson-Howard, formerly Miss "Dos" Skinner, of that city, may go on the stage. The romantic elopement of Miss Skinner and the young writer from Baltimore, the brief honeymoon of the couple in Europe, and the return of the bride to her parental home are well remembered by the public.

The body of a well-dressed white man was found floating in the James river at Richmond yesterday morning. The body had become decomposed to such an extent that it was hard to tell whether the man was white or black. It is presumed that the man was killed and the body thrown into the river. There was a cut across the middle of the forehead sufficient to have fractured the skull.

Further investigation by police department and officials has revealed the fact that Edwin H. Potts, the absconding employe of the American National Bank, Washington: indulged himself in other interesting peccadilloes than the theft of the $11,000 worth of Erie Railroad stock certificates, on which account he is now being so earnestly sought. His father, of Loudoun county, it is said, has made good the amount of his son's defalcation.

Upper and lower Colon farms, in Loudoun county, comprising part of the real estate of the late Judge James D. Yeomans, containing 1,800, acres, have been bought by H. B. Hutchinson, of Herndon. The price paid was $27,000. The land was at one time the stock farm of former Senator William M. Stewart, of Nevada. The Ashburn farm of the same estate was recently sold to J. W. Whalen, of East Aurora, N. Y., for $20,000.

Mr. J. B. T. Thornton, of Prince William, just elected judge of this circuit, will at once resign the office of Commonwealth's Attorney, a position he has held for 15 years, and to which he had just been nominated for another term of four years. Two candidates have already announced themselves, C. A. Sinclair, who is now the mayor of Manassas, and J. Jenkyn Davies, who is a nephew of Judge Thornton and of Mr. R. E. Thornton, of Fairfax Court House, who is a candidate for the State Senate to succeed Senator Lewis H. Machen. Mr. Robert A. Hutchison is also urged to become a candidate, but he has made no announcement.

George A. Peters, of Carroll county, is to be hanged for the murder of Rev. Joseph Easter, a Dunkard preacher, several month ago. This conclusion was reached by Governor Swanson yesterday after going over the application for commutation. Peters, according to the records in the case, went to the home of the minister one night in May, after the minister had retired, called him to the door and shot him down in cold blood in the presence of the man's wife and children. There was absolutely no provocation for the crime, and the attempt of the defense to show that Peters was drunk at the time fell flat, the contrary being proven. Peters has been known for years as a lawless character. He will be hanged September 20.

The Teamsters' Strike.

New York, Aug. 24.—New York is getting its meat today despite the strike of the teamsters for the wholesale butchers. There is some delay in deliveries, but in no instance have prices been increased.

The drivers are hampered because they belong to the United Teamsters of America, an organization unaffiliated either with the International Brotherhood of Teamsters or any other union included in the Federation of Labor's membership.

This resulted in the repudiation of the strike both by the International Teamsters and the butchers' craft, on which the strikers had relied for aid. Representatives of the New York and western beef packers announced last night that they have no further use for the strikers' services and will not treat with them. The offer of Michael J. Reagan, of the State Labor Department, to act as mediator was declined. There have been a few attempts to mob the meat vans sent out to strike breakers' charge, but all have been heavily guarded and every disturbance has been nipped in the bud.

Defying the strikers the packers today announced a lock out of the employees who quit them. Strike breakers were called in to take their places. They declared they not only would refuse to arbitrate with the former employees but would not recognize union labor.

Today's Telegraphic News.

Government Pier at Jamestown.

Jamestown Exposition, Va., Aug 24.—The government pier at the Jamestown Exposition will be completed and turned over to the Exposition Company, September 4. The ceremonies incident to the dedication of this stupendous engineering feat will take place at night, beginning at about 8 o'clock, and will include one of the most beautiful pyrotechnic displays ever given in the United States. Pain, the wizard of aerial lights, has been put in charge of the spectacular part of the ceremonies, and the detail programme shows an elaborate arrangement of special devices. One of the features of the dedication will be a reproduction in Grand Basin of the famous battle between the Virginia and the Monitor, both ships being outlined in fire. The water in Grand Basin will be transformed into liquid flashing light, while defying all known laws of nature flying fish and diving devils will gambol hither and thither through the waves. Another interesting device will be Fulton's old side wheeler, the "Clermont."

While the set figures are being shown hundreds of fiery-geysers, throwing golden spray hundreds of feet into the air, will burst up in various parts of the basin, and in more quiet places gardens of lilies will appear, the tropical flowers changing color every minute.

Perhaps the most striking effect will be that known as the "Spirit of the Falls." This will be represented by a draped figure of heroic size standing over the brink of an enormous water spray with arms outstretched. As the falls gather force a heavy spray rises, in the whiteness of which the figure gradually disappears.

The government pier at the exposition is composed of two wings over two thousand feet in length, extending out into the waters of Hampton Roads immediately in front of the Auditorium. These wings or arms are connected at their outer end by a steel arch-the-arch, and the two arms inclosing over a million square feet of water surface, which has a depth of from ten to fifteen feet. Over a mile of sea wall is utilized in the sides of the piers.

Five Persons Asphyxiated.

Boston, Aug. 24.—When Martin Cooper regains consciousness at the hospital he will probably be able to explain a fire which early today killed his wife, three children, his father-in-law, fatally burned his baby, and may include him as its seventh victim.

In Charles Rogers, a fellow workman, and boarder of Copper, who was arrested this morning wandering about the streets in a dazed condition, the police have another witness who they hope will also throw some light on the mysterious origin of the blaze.

The fire was discovered early today in the Cooper home. When the firemen arrived the flames were attacked with no thought that anybody remained in the dwelling. Nearly an hour later, when firemen went into the lower rooms, they found eight bodies lying on beds in attitudes which showed that unconsciousness reached them before they had any knowledge of their danger.

John and Theresa Cooper, aged 5 and 7, and John Dwyer, their grandfather, were already dead. Mrs. Margaret Cooper and her daughter, Margaret, aged 6, died on the way to the hospital. The only members of the family alive today are Martin Cooper, the father, and William, the three-year-old baby. The physicians say that William cannot live, but that the father has a good chance for recovery.

Rogers, the boarder, told the police this morning that he and Cooper had had a scuffle about midnight, during which they overturned a lamp. Rogers had made all haste to get out, but Cooper apparently did not realize the danger, for he went to bed and was apparently overcome by smoke with the other members of his family. Only two of the bodies were touched by the flames, death in every case resulting from suffocation.

Will Take No Part in Panic.

Cleveland, O., Aug. 24.—James R. Garfield, Secretary of the Interior, says the west refuses to take any part in any panic engineered by Wall street. Garfield is at the family home near Mentor, after his trip through the west.

"I have been told that the financial situation in the east has caused some alarm," said Mr. Garfield, "but in the west there is nothing of the sort. The people out there are too busy to worry about finances. Everything is booming. Now, when all this newly irrigated land is farmed, we will have increased one of our great sources of wealth, and as we increase our wealth we stave off financial depression. Any increase in industry or agricultural pursuits makes a country's financial system more stable.

"Every one is working in the West. Capital is being invested with confidence.

"There is no sign of a panic and there will be no panic there."

Secretary Garfield declined to talk of the Taft boom in the West, but it is known that he made encouraging reports to Secretary Vory, Taft's manager.

The United States Express Company.

New York, Aug. 24.—As its reply to Senator T. C. Platt's refusal to call an election of United States Express Company directors on the ground that two-thirds of the stockholders must be heard from, as a preliminary to such a meeting, the corporation stock holders' committee, claiming to represent more than a majority of the shares, has sent to each stockholder a blank request for an immediate election of seven directors. The committee explains that no shareholders' meeting has been held in 45 years. It timed the mailing of the blank requests so that they will reach the addresses before night. An accompanying letter, signed by A. L. Bannister and S. S. Hatt, asks, Why do the directors depreciate your property? Why do they avoid a meeting with you? Why do they permit erroneous book-keeping? Why do they depreciate the earnings of the company? Are they entitled to your confidence?" The members of the committee openly say they intend to compel the declaration of a dividend and that they will try to force Senator Platt out.

Rising from the Grave.

A prominent manufacturer, Wm. A. Fertwell, of Lucama, N. C., relates a most remarkable experience. He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the Diabetes stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications which have troubled me for years." Guaranteed at E. S. Leadbeater & Sons, druggists. Price only 05c.

The Telegraphers' Strike.

New York, Aug. 24.—With the arrival tomorrow of President [illegible] of the International Commercial Telegraphers' Union, definite efforts looking toward forcing the officials of the Postal and Western Union companies into some sort of arbitration conference will be started.

Samuel Gompers, president of the American Federation of Labor; John Mitchell, President of the United Mine Workers of America; and Charles P. Neill, United States Labor Commissioner, are expected to be here Monday, when a conference will be held and the suggestion, at least, will be made that President Roosevelt will be asked to intervene. In the face of constant reiterations from the officials of the two companies that there is nothing to arbitrate, the union leaders believe that diplomatic procedure will bring about a conference.

It is pointed out that the situation is similar to that during the coal strike several years ago, when the railroad officials declared they had nothing to arbitrate, but later went into conference. Evidence of the use of the mails by the companies when they are unable to send messages by wire is alleged to be in the hands of the union. Two messages which, it is alleged, were delivered by mail carriers, were on display today at the headquarters of the union.

Secretary Root.

New York, Aug. 24.—Wall street is boiling with interrogations, guesses, and rumors concerning the course Secretary of State Root will pursue when he has finished taking the rest cure on "Billy" Muldoon's farm. The general surmise is that yesterday's revelations concerning the differences of opinion between Mr. Root and the President will mean the former's retirement from the Cabinet. While it has been known for some time that the Secretary of State was not in complete accord with the administration's anti-trust policy, Wall streeters say that it might have been easily possible for the Cabinet chief to have retained his office in the hope of at least modifying the administration's campaign provided the public had not known of the friction. Wall street, which has looked on Mr. Root as a strong force for conservatism in the Cabinet, is much worried by the outlook. It is understood the Secretary of State will remain at Muldoon's farm for two weeks more, spend a week at Washington, and then leave on his trip to Mexico.

Result of Hazing.

Camp Perry, O., Aug. 24.—A camp hazing has resulted in the fatal injury of one man and a charge of attempted murder against the hazars' victim. Private Melvin Huggins, of Company H, Ohio National Guard, is today in the guard house.

Corporal William Bradley is in the camp hospital, stabbed in the chest and abdomen, while Fred Mullenberg, a private, was cut in the back and under the right arm. Bradley's condition is critical.

The stabbing occurred last night after Huggins, charged with doing the stabbing, had been hazed by his comrades. The hazing is said to have been extremely severe.

After the camp had retired Huggins, it is charged, crept to the tent occupied by Bradley, and Mullenberg and wielded the knife. Bradley rushed from his tent and fell unconscious in the captain's quarters. Extra guards were thrown out, the camp alarmed and the arrest followed.

Scandal in Lisbon.

Lisbon, Portugal, Aug. 24.—A great scandal has developed here through the raid made by the police on a "studio" in the outskirts of the city and the arrest of half a dozen alleged young libertines, members of some of Portugal's most noted families. The scenes enacted there it is claimed, would do justice to the age of Nero. Young women enticed to the place by the dissolute youths were kept virtual prisoners. Cruelties almost indescribable are said to have been practiced upon those helpless victims. At times mock courts would be instituted, the women would be arraigned, accused of horrible crimes, and sentenced to degrading penalties. The most revolting practices are only hinted at by the police in their disclosures. When the raid was made hundreds of persons gathered about the "studio," and scores of police were required to keep the mobs from lynching the young men.

Threatened Strike.

New York, Aug. 24.—A strike of telegraph operators which, it is claimed, would practically tie up the whole system is threatened on the Long Island Railroad. The operators, who are not satisfied with working conditions, have given the company until next Wednesday to grant their demand for improvements in their service. Unless the demand is heeded, they say all the telegraphers will walk out. The threatened strike is regarded as of graver importance lest it should prove the start of a walkout among railway operators in support of the striking Commercial Telegraphers.

To Be Assessed One-Third of Their Wages.

Boston, Aug. 24.—The operators on brokers wires set the record for strike aid last night, when they voted to assess each of the 175 members of their chapel of the Commercial Telegraphers one-third of their salary during the continuance of the strike for the benefit of the commercial operators in this city. It is estimated that this aid will reach $2,500 a week.

Injured in Automobile Accident.

New York, Aug. 24.—Frank H. Higgins, rich son of the late Governor Frank W. Higgins, with Ethel Levey, divorced wife of George M. Cohan, and fiancee of Robert Edeson, the actor, and Ethel Levey's cousin, Cora Levy, were injured when Higgins' automobile crashed into a trolley car at Coney Island early today. The car was practically destroyed.

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free at Gibson & Timberman's and W. F. Creighton & Co's.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

Two Men Burned to Death.

Pittsburg, Pa., Aug. 24.—Two men were burned to death and two were so seriously burned that they are not expected to recover, as the result of an explosion today at the plant of the Carnegie Steel Company, Homestead, Pa.

SCHOOL BOARD.

At a called meeting of the City School Board held last night there were present, Capt. Herbert Bryant, chairman, and Messrs. Thompson, Yates, Ramsay, Thomson, Bradshaw, Boothe, Carne, Carter and the Superintendent.

The chairman stated that the meeting had been called for the purpose of electing a teacher to succeed the late W. H. Greenwell.

Applications for the position from Messrs. Fitzgerald Jones, of this city, and S. A. Lehman, of Rockville, Md., and Miss M. A. Nevett, of this city were read.

Mr. Thomson hoped the matter of salary would be taken into consideration and retrenchment made if practicable.

Mr. Yates said the present was an opportunity, not presented for years past for the election by the board of a teacher fully equal, if not superior, to the one whose place was to be filled; other sections of the State were demanding higher qualifications for their teachers and Alexandria should do the same. He advocated the election of those who had prepared themselves in the State institutions as teachers and said Mr. Jones was a graduate of William and Mary College and in every way fitted for the position.

Mr. Thomson asked the Superintendent if any of the other teachers were competent to fill the vacancy, and the Superintendent replied that Miss Nevett was qualified for the position.

Mr. Thomson nominated Miss Nevett and advocated the election of a teacher in the system—they should be given the preference.

Mr. Yates stated that but few of the teachers attended the State normals; they had asked last year for holiday to attend the State educational meeting and then but two of them had gone.

Asked concerning the matter, the Superintendent stated that he favored a male teacher for the vacant position and thought the more male teachers in Washington school the better it would be for that school.

The salary of the position was then fixed at $65 per month for the ensuing year and a vote being taken for teacher resulted as follows: For Mr. Jones—Messrs. Thompson, Yates, Ramsay, Boothe, Carter and the chairman—6; for Miss Nevett—Messrs. Thomson, Bradshaw and Carne. So Mr. Jones was declared elected.

Miss Amanda R. Carne was elected a substitute teacher in the schools.

Several bills for repairs to the building were ordered to be paid and the board then adjourned.

HARRIS IN RICHMOND JAIL.

With the fear of death showing in his face, William Harris, charged with attempted criminal assault upon Miss Lena Rowland, of Chester, broke down in the Richmond jail yesterday morning, his cries of terror filling the corriders, silencing all other sounds. Fearing violence, the negro had been taken to Richmond from Alexandria on an early morning train. The negro seems to realize his position. He does not deny the crime with which he is accused. He knows and seems to expect that he may be hanged. During the day and night that Harris was confined in the station house in this city he seemed to be fectly composed and in no way co as to his fate.

LUNA PARK.

Music lovers will have but a few days more to enjoy the concerts as rendered by the Greater Washington Band. For descriptive music, this band has no equal, and as soon as a new composition of any merit is introduced and put on the market, the band's wideawake leader, John Bovello, immediately adds it to his extensive repertoire.

The Dixie Troubadours, a contingent of colored folks, will introduce jubilee singing, buck and wing dancing, cake walks and scenes reminiscent of the South before the War.

Another feature of unusual interest will be the famous Weiss Brothers, who are miniature counterparts of the great Sandow. These little athletes will introduce wrestling, scientific boxing bouts, club juggling and other diversions pertaining to athletic sports. While giving their exhibitions of the manly art, they go through all the formalities of the world's famous ring generals.

The Social Twirl is attracting large crowds daily, repeating the success that attended the Jamestown Exposition run.

The guessing contest will be brought to a termination at an early date, and all those wishing to try their luck and determine how many electric bulbs there are within the park's enclosure, have but a short while to do so. The winner will be awarded $500.

FAVORS HIGHWAY BRIDGE.

Gen. Aleshire, the new quartermaster general of the army, devotes a chapter of his annual report to the improvements in progress and in prospect at the Arlington national cemetery. In advocating better means of approach to the cemetery Gen. Aleshire says:

"Attention is again invited to the recommendation in the annual report for 1904 in favor of the construction of the Memorial Bridge across the Potomac which has been considered for several years. With a view to securing a shorter, more convenient and attractive route to the Arlington national cemetery the construction of a new road from the Virginia end of the new Highway bridge to the government reservation has been considered, surveys made and cost estimated. This route would avoid the long trip through Georgetown and across the Aqueduct bridge, be shorter and more pleasant in every way, and its construction is recommended."

FIREMEN'S CONVENTION.

The Alexandria firemen will leave next Tuesday morning on one of the steamers of the Norfolk and Washington Steamboat Company for Newport News where the State Firemen's Convention will meet on the 28th instant. Messrs. J. D. Webster and Joseph DeSilva will represent the Relief Hook and Ladder Company; Messrs. W. K. Griffith, R. L. Merchant, J. F. Pettoy, George A. Norris, John Travers and Walter Hughes, with A. Baccigalupi, E. C. Craven, J. L. Duffey, Samuel Elliott and Wm. L. Craven as alternates, from the Columbia Company; Messrs. M. Glasgow, Arthur Grimes and J. R. N. Curtin will represent the Reliance Company. Delegations from each organization will accompany the delegates. The Reliance Drum Corps (fifteen pieces) will also go to Newport News.

THE LATE JOHN W. TURNER.

The officials of the electric railway are still endeavoring to get into communication with relatives of the late John W. Turner, who was killed by falling from a movable tower at Spring Park a few days ago. As has been stated, the remains are now in the vault at St. Mary's Cemetery. Turner was 33 years old, was 5 feet 7 inches high, weighed 185 or 190 pounds, was of light complexion and smooth face. He said he was a native of North Carolina, but had before coming to Alexandria lived in Jackson, Tenn.

PROBING ALLEGED SHORTAGE.

G. H. Buchert, reprerenting the Virginia Safe Deposit and Trust Company, of Alexandria, is at Salisbury, N. C., investigating the shortage of Robert R. Taylor, until Wednesday manager of the branch business of the Robert Portner Brewing Company in Salisbury. Small alleged peculations, dating from May, are said to amount now to over $350. Taylor is still in jail, unable to give $600 bond. Taylor admits the shortage, but denies criminal intent. He has a family in Danville.

DEATH OF MRS. WILLIAMS.

Mrs. Catherine Williams, wife of Mr. J. W. Williams, residing at 1829 Duke street, died yesterday evening, after a brief illness, at the Alexandria Hospital. The deceased was thirty-five years old. Mrs. Williams was a daughter of Mr. Walter H. Able, of Prince William county. The remains will be taken to Quantico for interment Sunday. Mrs. Williams's infant child also died at the hospital.

POLICE COURT.

[Justice H. B. Caton presiding.]

There were but two cases before the Police Court this morning—both parties charged with disorderly conduct in which no more dangerous weapons than tongues were used. The parties (three of whom were women) were dismissed with an admonition.

CHURCH IMPROVEMENTS.

As stated yesterday the old First Presbyterian church building on south Fairfax street, now occupied by the congregation of Bethany M. P. Church, is being reroofed. Next week the interior of the building will be repainted and otherwise improved. This is one of the finest church buildings in the city.

THE MARKET.

There was another abundant supply of country produce in market this morning, but prices had not declined materially. Butter was selling at former prices, but eggs showed an advancing tendency, in some instances bringing 28 cents a dozen. Lima beans were sold at 20 cents a quart, and peaches 25 cents a quarter peck.

THE WRIGHT CASE.

Joseph Thomas, alias John Wright, colored, is sentenced to be hanged in the jail yard of the county next Friday morning for an assault on Miss Mabel Risley near Luna Park last August. Wright was sentenced to be hanged last May, but a reprieve was granted by Governor Swanson till August 30. The county authorities having heard nothing from Governor Swanson concerning a further reprivee, are making preparations for the execution next Friday.

FAIRFAX REPUBLICANS.

The republicans of Fairfax met at the court house of that county at 3 o'clock today to nominate candidates for county offices and also a candidate for the House of Delegates. At 3:30 o'clock no nominations had been made, but a telephone message stated that Mr. James W. Roberts would probably receive the legislative nomination.

EXPLOSION OF GASOLINE STOVE.

The alarm of fire about 1:30 this evening was caused by the explosion of a gasoline stove at the residence of Mr. J. N. Nalls, on upper Duke street. The fire department responded, but the flames were extinguished before any material damage resulted.

RATS COMMIT SUICIDE.

Captain Kruger, Chief Engineer Hanson and other officers of the steamship Valdivia, of the Hamburg-American Line, which arrived at New York a few days ago, tell of the suicide of some 250 panic-stricken rats on the vessel at sea. Rather than fight a huge tiger cat put down into the hold to clear them out several hundred rats made for the steamer's decks and went overboard.

Chief Engineer Hanson said that several cats taken from New York were quickly killed by the rats after the vessel left Port Antonio, Jamaica.

The ship's loss from rats is large, as they eat and gnaw bananas at a great rate. When the ship touched at the Island of Inagua, in the Windward Passage, two tiger cats were obtained, and during the voyage the biggest one was put down into the hold of the vessel.

The big cat started in at once to clean out the rats, and within a half hour had killed scores. Then the main army of rats came up and scudded along the decks, a majority of them jumping overboard.

A little later the cat came up in full chase of a monster rat. The rat ran the full length of the deck and down through a porthole, finally going into the sea. The cat followed and was drowned.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Dsarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—SAM G. GWIN, Concord, Ga. For sale by Gibson & Timberman and W. F. Creighton & Co.

CANDIDATES.

Senator Machen Asks Renomination.

To the Democrats of the Fourteenth Senatorial District:

I hereby announce that I shall seek a renomination as State Senator at the democratic primary September 10th.

For many years it has been the custom in this district to return a Senator for a second term if he so desired, and I trust that a careful scrutiny of my official record will not disclose any reason for violating this custom at this time.

Having been a resident of Alexandria for more than 5 years, and having been for a much longer period associated in business and otherwise with the people of the city, it is natural to suppose that I understand its needs and could serve its interests in the legislature as well as some one who is not a resident and has had no legislative experience. I solicit the generous support of my home city.
Respectfully,
aug16 td LEWIS H. MACHEN.

TO THE VOTERS OF THE 14TH SENATORIAL DISTRICT. I respectfully announce myself a candidate for State Senate in the democratic primary September 10th, 1907. ALEX. J. WEDDERBURN.

FOR STATE SENATE.

To the Democratic voters of the 14th Senatorial district:

I hereby announce myself a candidate for Senator from the 14th Senatorial District of Virginia, subject to the democratic primary to be held on September 10, 1907, and if nominated and elected, I pledge myself to the service of the best interests of the district and State. Very Respectfully,
R. E. THORNTON.
Fairfax, Va., Aug. 17.

TO THE DEMOCRATIC VOTERS OF ALEXANDRIA CITY AND COUNTY:

I respectfully announce that I will be a candidate for re-election to the House of Delegates of Virginia, subject to the decision of the democratic primary to be held on the 10th day of September, 1907. I beg to express my sincere appreciation of the confidence expressed by my fellow citizens in conferring this honor upon me for three successive terms, and to assure them, if re-elected, that, as I have in the past, I will in the future devote my best energies and abilities to represent faithfully the interests of the constituency which has so often honored me.
